

## Community Bulletin

This is a weekly emailed newsletter produced by volunteers. It primarily contains details of events happening in the short term (strictly within the parish or organised by a parish-based organisation), with brief information on events happening further out. Also included are details of local road closures, lost & found, and other notices and local information. There are currently over 600 subscribers to the Bulletin.

Anybody can subscribe to the Bulletin by going to the simple form [here](#).

Note that only name and email address are required. Each Bulletin sent contains simple pointers to check, edit and cancel subscriptions. Every member of a household is welcome to subscribe and receive their individual copy.
